

ginsoap

with Juniper

If there's one thing that unifies all Gin products, it's 'Juniper'. Without it, distillers wouldn't be able to call it Gin! The same theory holds true with the WORX® Gin Soap — without 'Juniper' there wouldn't be a Gin Soap!

This carefully crafted hand soap was inspired by 'Juniper Botanicals' for the same reasons that it's been used for century's — its medicinal properties. Not only is it well known for promoting healthy skin, it's a natural anti-inflammatory that's rich in antioxidants.

Now available in the following aromatic combo scents:

EUCALYPTUS-SPEARMINT

Grounding aroma, filled with rich hues, a warm woody aura, balanced by delicate sweet undertones.

FRANKINCENSE

Earthy rich woody scent with subtle hints of camphor and musk undertones.

LAVENDER

Fresh floral bouquet with midtones of Lavender, Rose, Gardenia, and Jasmine. It's then finished off with vintage orange flowers and musk.
